Guidelines For Operation Of The League:

A. On the first week of League play we compete using handicaps from the 2011 season. If you are new to the League, the *Secretary* will determine your handicap. After July 11, 2012 any new sub will play scratch the first time, unless listed on the official course handicapping system. (Ghin system)

B. League members are responsible for paying all fees' to Nick DiFilippo either by check at any time, or on appointed nights at the golf course before or after golfing in the Pro-Shop. This season if you cannot pay in full before April 22, 2012, then the following dates apply to you.

(1) \$225.00 payment due to no later than Saturday April 7, 2012

(2) \$ 45.00 payment due to no later than Wednesday May 2, 2012

(3) \$ 40.00 payment due to no later than Wednesday May 16, 2012

- -When paying with cash PLEASE try to have the exact amount--

\$5.00 late payment charge applies to any late payment unless approved in advance by the secretary.

C. Each league member is required to get his own substitute on nights he cannot play. A list of subs is provided to each member with the schedule; also one is posted at the golf course, the Falcon's Club and on the web page. He does not have to come from our sub list, but the secretary reserves the right to adjust handicap of any new sub. I update sub lists periodically and have new sheets available in the Pro-Shop, and on the web page.

PLEASE notify the secretary if you know in advance that you will not be golfing, this saves us from making score cards out more than once. It is possible for a team to compete with (2) subs as long as at least one sub is from the list provided by the league secretary and reason is sufficient for both members to be absent. ex. vacations, work, family problems, and health. Call the golf course to leave a message for me concerning last minute substitute problems.

Locally call 343-0860 out of town call 800-825-8633 e-mail---Terryhills@aol.com

D. Each league team is required to play unless the league is officially canceled. Failure to play will require forfeiture of the match. A team that does not show-up will receive the lowest number of points scored in their division that night. The other team will receive the highest number of points scored in their division that night. If you know ahead of time that a problem exists, please see me. Many times a match can be made-up within the week. This must be OK'd by the opposing team.

E. League standings are posted at the golf course, the Polish Falcons Club, and on the league web pages: <http://www.webgolf.ws/1985>

F. Please remember to turn your scorecard in promptly at the pro-shop. When your match is complete the card is to be returned immediately to the Pro-Shop, no card, no points, and please no exceptions!

G. Handicap is based on 96% of the difference between average of scores and par after completing four rounds. Equitable stroke control is applied, and handicaps calculated per USGA Rules.
